

THE BARBADOS KENNEL CLUB

All Breeds Championship Dog Show – October 11th 2015

Judge: Mr. K.Robin Newhouse

It was an honour to judge the October Show of the Barbados Kennel Club. Such a well presented and very well run show. The weather was so kind by not being excessively hot. The majority of dogs were of high standard with only a couple of breeds being disappointing in quality.

My Best In Show and Best Locally Bred In Show was the Boxer, Ch. Sundial's Sun God Apollo At Kaibo. Very smart, upstanding lad, well muscled and with so much breed type. Excellent, well balanced head with good, broad muzzle. Good strong neck of correct length, going into good lay of shoulder. Exceptionally well made body with good depth and lay of rib, correct topline and loin. Excellent front and rear construction giving strong, true and clean movement.

Reserve Best In Show was the Rhodesian Ridgeback, Ch. Crownridge Flash Forward. Such a good looking lad. Muscular, excellent, well made frame. Proud and strong. Very good head with correct flat skull, well shaped and coloured eyes and good ears. Clean neck and shoulders, Deep chest with well sprung ribs, correct topline and well made rear. Good bone and correct feet. Superbly free on the move. A wonderful example of his breed and a delight to judge.

Best Puppy In Show was the Dobermann, Arisa Baltic Residence. Loved this youngster and, when she was handled correctly, she moved and showed with such style. Very well made and built for her age. Excellent head with good, almond eyes of good colour. Excellent body with good, straight topline. Great depth of chest with well sprung ribs. Excellent front and rear angles. Moved exceptionally well, when handled correctly. Should have a great future.

Best Locally Bred Puppy In Show was the Japanese Shiba Inu, Massima I'm So Fancy. Excellent, well balanced outline. Good shoulders and front, correct well developed rear with correct bend of stifle. Head developing well for age. Very good on the move.
